Description: Learn to easily create economical customized handbags that suit any occasion and style. Nancy presents tips and techniques for making twelve handbags, each requiring only small amounts of fabric and featuring a unique sewing technique. Best of all, these handbags can be created in an evening using basic templates or your favorite handbag pattern, along with Nancy's timesaving techniques.

Part 1: Create attractive handbags—without breaking your budget.

Nancy showcases four handbags, each of which can be made in an evening. Start with your favorite handbag pattern, then make the bag one of a kind using one of Nancy's easy sewing techniques. Learn to use unique foundation fabrics, to accent bags with precut fabric strips, to sew faux leather or vinyl, and to add piping.

Part 2: Nancy demonstrates more bags that can be created in an evening.

Learn more creative techniques as Nancy fashions four additional handbags. Foundation piece a bag using lovely fabric scraps and ribbons; combine O-rings, faux suede, and unusual trims such as recycled ties; accent bags with straps and O-rings; and design a beautiful vintage lace bridal bag.

Part 3: Use Nancy's simple techniques to add style and versatility to handbags.

Nancy demonstrates how to make a unique adjustable bag strap, to add an easy ribbon/zipper closure, to accent a handbag with precisely positioned embroidery, and to stitch a removable organizer that can be interchanged with all your handbags. Nancy's bag options are fast and easy.
